

Lights Cheat Sheet

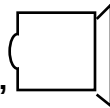

for Lucie Stern Community Theatre

Jim DeLaHunt, Kate Sherwood, rev B 7. February, 1999

#1 Westlight Fresnel aka "Old"

Brown about 9" long, looks sort of like a paint can. Has round holes in the top, sort of polka-dot-esque.

#2 Strand Fresnel aka "Black"

Black paint can with vertical vents in side. Top has a small circle with horizontal vents.

#3 Altman 3 1/2" Leko ERS

Japanese lanternesque black

#4 EC Parallipsphere

Tall, about 24", brown garbage-can-looking. Has elliptical holes in "UFO"ish top. Rarely used.

#5 EC

Top like #4, but shorter and smooth. Barrel brown. Comes in 4 1/2" x 6 1/2" and 6x9" lens sizes. Lucie Stern has 1 and 2 respectively.

#6 Altman 6" Lego

Bronze colour, ~18" long. Fins on top, lantern middle, smooth barrel. Comes in 6x9" (black colour, green feet), 6x12" (blue feet), and 6x16" (red feet).

#7 8" Fresnels

Look like big grey garbage cans.

#8 "Bent Altman?"

Brown colour, bent lamp housing at back.

#9 "Century Strand"???

Black case. "Century Strand" written on the side in white letters. Note green feet.

#10 “Century Strand” with red feet ???

Same as #9, but with red feet, and barrel length is different.

#11 Grey light

Grey case, bent lamp housing, sort of like #8, but with smoother lines.
